Een tijdlijn van gebeurtenissen en interessante zaken mbt [#apenpokken](#).

Deel dit. Hoe eerder we het narratief voor zijn, hoe beter. 'T is een overzicht: dus zelf conclusies trekken en onderzoek doen. Stel gezondheidsvragen aan experts. Nodige bronvermelding onderaan de draad.

1958 - Preben von Magnus vindt apenpokken in lab. Interessant: zegt een jaar later dat "respiratory viruses such as influenza and the common cold were unsuitable as biological weapons".

1968 - WHO rapporteert dat "it was not infrequent to observe outbreaks of suspected smallpox and monkeypox in laboratory monkeys at more than twenty-five biological institutions around the world and that further research was warranted to assess susceptibility in humans".

1970 - Eerste geval van apenpokken in de mens gevonden in de DR Congo. Er zullen tot 1979 vijftig gevallen gevonden in vooral West-Afrika, waar ook Ebola later zal toeslaan. Ebola zal vaker voorbijkomen in deze tijdlijn.

[Monkeypox WHO fact sheet on monkeypox: includes key facts, definition, outbreaks, transmission, symptoms, diagnosis, treatment, prevention, WHO response.](#)

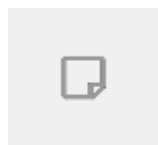

<https://www.who.int/news-room/fact-sheets/detail/monkeypox>

1995 - De film '12 Monkeys' wordt uitgebracht met Bruce Willis en Brad Pitt. In 2020 op Netflix.

"In a future world devastated by disease, a convict is sent back in time to gather information about the man-made virus that wiped out most of the human population on the planet."

13-10-2010 - De NIH geeft een grant aan Bavarian Nordic (onthoudt deze namen) voor het onderzoeken van een 'vaccine against Ebola and Marburg viruses'.

Het Bavarian Nordic dat een paar dagen geleden aankondigde vaccins te zullen leveren voor apenpokken.

<https://bavarian-nordic.com/investor/news/news.aspx?news=1934>

26-7-2018 - "Business leaders, U.S. Senators, and other experts will gather...to discuss the impacts of large-scale biological events..." "The Blue Ribbon Study Panel on Biodefense is working to change the way America defends against biological threats."

**[Meeting of the Blue Ribbon Study Panel on Biodefense to Address Devastating Economic, Corporate, and Financial Consequences of a Biological Attack Against the U.S. - Bipartisan Commission on Biodefense FOR IMMEDIATE RELEASE](#)**

Contact: Steve Aaron, SRA Communications, (717) 554-8614,

[steve@SRACommunications.com](mailto:steve@SRACommunications.com) \*\*\*MEDIA ADVISORY\*\*\* MEETING OF THE BLUE RIBBON STUDY PANEL ON BIODEFENSE TO ADDRESS ...

<https://biodefensecommission.org/meeting-of-the-blue-ribbon-study-panel-on-biodefense-to-address-devastating-economic-corporate-and-financial-consequences-of-a-biological-attack-against-the-u-s/>

06-2019 Meridian Tech (onderdeel van Pfizer) begint met het verkopen van TPOXX - oraal vaccin

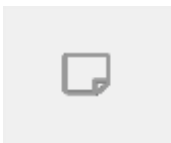

"Under the agreement, Meridian will promote the sale of oral tecovirimat for the treatment of smallpox in all international markets outside of the US"

**[SIGA Announces Health Canada Regulatory Approval of Oral TPOXX® | SIGA](#)**

<https://investor.siga.com/news-releases/news-release-details/siga-announces-health-canada-regulatory-approval-oral-tpoxxr>

01-2020 NTI en WEF (onthoud de namen) brengen rapport uit waarin ze spreken over dat ontwikkelingen in beschikbare DNA synthese technieken groeiende risico's bieden voor, jawel: "catastrophic biological security threats, accidentally or deliberately".

**[SIGA Announces Health Canada Regulatory Approval of Oral TPOXX® | SIGA](#)**

<https://investor.siga.com/news-releases/news-release-details/siga-announces-health-canada-regulatory-approval-oral-tpoxxr>

27-2-2020 Peter Daszak (onthoud de naam) zegt als corona net begonnen is: "that he and other disease ecologists had warned the WHO in 2018 that the next pandemic would be caused by an unknown, novel pathogen that hadn't yet entered the human population"

[Opinion | We Knew Disease X Was Coming. It's Here Now. \(Published 2020\) We need to stop what drives mass epidemics rather than just respond to individual diseases.](https://www.nytimes.com/2020/02/27/opinion/coronavirus-pandemics.html)

<https://www.nytimes.com/2020/02/27/opinion/coronavirus-pandemics.html>

Hij zegt een week eerder al: “We stand together to strongly condemn conspiracy theories suggesting that COVID-19 does not have a natural origin...and overwhelmingly conclude that this coronavirus originated in wildlife.”

Hij was er heel vroeg bij.

[Peter Dazak - Wikipedia](https://en.wikipedia.org/wiki/Peter_Daszak#COVID-19_pandemic) [https://en.wikipedia.org/wiki/Peter\\_Daszak#COVID-19\\_pandemic](https://en.wikipedia.org/wiki/Peter_Daszak#COVID-19_pandemic)

2021 - In de bijeffecten van de Pfizer mRNA vaccins komen we ook 'autoimmune blistering disease' (Parapemhigus) tegen; zeer vergelijkbaar met apenpokken.

[phmpt.org/wp-content/upl...](https://phmpt.org/wp-content/upl...)

9-11-2021 - Ome Gates waarschuwt voor pokken en heeft het specifiek over 'Germ Games' (onthoud): "Bill Gates has warned governments to prepare for smallpox terror attacks and future pandemics by investing billions into research and development."

**[Bill Gates warns of smallpox terror attacks as he seeks research funds](https://www.independent.co.uk/news/science/bill-gates-smallpox-terror-attack-b1958789.html)** Bill Gates warned that bioterrorism could be a bigger threat than naturally occurring epidemics

<https://www.independent.co.uk/news/science/bill-gates-smallpox-terror-attack-b1958789.html>

23-11-2021 NTI (van eerder rapport met WEF) publiceert rapport over 'Strengthening Global Systems to Prevent and Respond to High-Consequence Biological Threats'. In maart '21 hebben zij een oefening uitgevoerd die een pandemie ensceneert (Germ Games?).

**[Strengthening Global Systems to Prevent and Respond to High-Consequence Biological Threats](https://www.nti.org/analysis/articles/strengthening-global-systems-to-prevent-and-respond-to-high-consequence-biological-threats/)** A new NTI | bio report released today on the sidelines of the Biological Weapons Convention Meeting of States Parties, "Strengthening Global Systems to Prevent and Respond to High-Consequence Biologic... <https://www.nti.org/analysis/articles/strengthening-global-systems-to-prevent-and-respond-to-high-consequence-biological-threats/>

Ze doen bevindingen en bieden daarvoor oplossingen (screenshot). Oplossingen die volledig in lijn passen van het overzicht: 'een internationale gecoördineerde respons in het geval van een pandemie'.

Supply chain. Global security fund. Eng.

[anti.org/wp-content/upl...](https://www.anti.org/wp-content/uploads/2021/11/2021-11-30-NTI-Research-Report-2021-11-30.pdf)

“The exercise scenario portrayed a deadly, global pandemic involving an unusual strain of monkeypox virus that emerged in the fictional nation of Brinia and spread globally over 18 months. Ultimately, the exercise scenario revealed that the initial outbreak was caused”.. (1/2)  
..”by a terrorist attack using a pathogen engineered in a laboratory with inadequate biosafety and biosecurity provisions and weak oversight. By the end of the exercise, the fictional pandemic resulted in more than three billion cases and 270 million fatalities worldwide.” (2/2)  
Interessant: in dit scenario hebben ze het over een uitbraak van apenpokken op 15 mei 2022 - je verzint het niet. In move 2 van het scenario (op 01-02-2023) is 'monkeypox engineered to be vaccine-resistant'.

☐♂☐

Overigens werd dit onderzoek gefinancierd door Open Philanthropy, waarvan Dustin Moscovitz (medeoprichter Facebook) een grote financier is. Onderzoek was samenwerking tussen NTI en MSC die beiden miljoenen hebben ontvangen van Ome Bill & Melinda - voor oa 'vaccine development'.

30-11-2021 Onderzoek gepubliceerd over ‘Bullous pemphigoid triggered by COVID-19 vaccine’: "The patient developed the first bullous lesions 1 week after the first dose of Comirnaty (Pfizer–BioNTech COVID-19 vaccine)."

Zorgelijk, blijkt later.

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC8646458/>

25-1-2022 Er wordt een patent geregistreerd voor een pokkenvaccin. Door wie? Door Bavarian Nordic (die later de vaccins tegen apenpokken zal leveren) en Janssen Vaccins. Overigens ontwikkeld door Nederlanders.

<https://patents.google.com/patent/US11229693B2/en>

1-2-2022 Er ontsnappen een stel apen uit een vrachtwagen in Pennsylvania (PA). Er wordt gezegd dat de CDC 'tight-lipped' was over mogelijke infecties die apen bij zich hadden. En: "The airline, Kenya Airways, declined to disclose who shipped the monkeys".

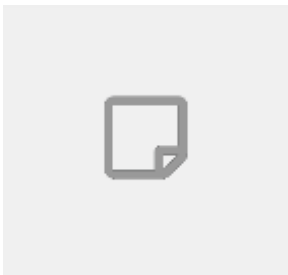

[Airline says it will cease shipments of monkeys after some got loose in Pennsylvania crash](https://www.nbcnews.com/news/amp/rcna14495) The move is the latest skirmish in a long-running battle between animal-rights groups and researchers over the use of animals in medical experiments.

<https://www.nbcnews.com/news/amp/rcna14495>

3-2022 Peter Daszak (onthouden?) publiceert over 'A strategy to prevent future epidemics similar to the 2019-nCoV outbreak' en noemt hierbij letterlijk de apenpokken als mogelijkheid. Ook Ebola noemt hij hier.

Een scherpe ziener of iemand met voorkennis?

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7144510/>

05-03-2022 Ander onderzoek over 'Autoimmune mucocutaneous blistering diseases after SARS-Cov-2 vaccination'.

"Clinicians should be aware of the potential, though rare, occurrence of AIBDs as a possible adverse event after the SARS-CoV-2 vaccination."

[Autoimmune mucocutaneous blistering diseases after SARS-Cov-2 vaccination: A Case report of Pemphigus Vulgaris and a literature review - PubMed](https://pubmed.ncbi.nlm.nih.gov/35278817/) Clinicians should be aware of the potential, though rare, occurrence of AIBDs as a possible adverse event after the SARS-CoV-2 vaccination. However, notwithstanding, they should encourage their patien...  
<https://pubmed.ncbi.nlm.nih.gov/35278817/>

18-05-2022 13 miljoen vaccins tegen apenpokken worden aangekondigd door Bavarian Nordic (onthouden?). Zullen geleverd worden in 2023/2024. Ook wordt op deze dag het eerste geval in de VS geconstateerd.

[First case of monkeypox confirmed in US this year in man who had traveled to Canada](https://nypost.com/2022/05/18/first-case-of-monkeypox-confirmed-in-us-this-year/) This first US case of monkeypox this year was confirmed in Massachusetts Tuesday as health officials said a man who recently returned from Canada contracted the disease.  
<https://nypost.com/2022/05/18/first-case-of-monkeypox-confirmed-in-us-this-year/>

19-05-2022 FDA keurt ook het prikken van de vaccins goed - eerst was dit alleen een oraal medicijn.

**[SIGA Receives Approval from the FDA for Intravenous \(IV\) Formulation of TPOXX® \(tecovirimat\) | SIGA](https://investor.siga.com/news-releases/news-release-details/siga-receives-approval-fda-intravenous-iv-formulation-tpoxxr)** <https://investor.siga.com/news-releases/news-release-details/siga-receives-approval-fda-intravenous-iv-formulation-tpoxxr>

20-05-2022 Het eerste geval in Nederland vastgesteld. Daar gaan we weer.

**[Eerste geval van apenpokken in Nederland vastgesteld, RIVM wil meldingsplicht](https://nos.nl/artikel/2429588-eerste-geval-van-apenpokken-in-nederland-vastgesteld)** Het RIVM verwacht dat er in Nederland nog meer mensen besmet zijn geraakt.

<https://nos.nl/artikel/2429588-eerste-geval-van-apenpokken-in-nederland-vastgesteld>

22-28 mei 2022 - World Health Assembly waarin wordt gesproken over de 'Global Pandemic Treaty' die moet zorgen voor 'meer coördinatie bij een volgende pandemie'.

De timing is bijzonder. Het doel lijkt duidelijk.

**[The WHO To Discuss Global Pandemic Treaty At World Health Assembly May 22-28](https://www.forbes.com/sites/brucelee/2022/05/18/the-who-to-discuss-global-pandemic-treaty-at-world-health-assembly-may-22-28)**

[Despite calls for more global coordination, some have been arguing against such a treaty, even starting a hashtag #StopTheTreaty.](https://www.forbes.com/sites/brucelee/2022/05/18/the-who-to-discuss-global-pandemic-treaty-at-world-health-assembly-may-22-28) <https://www.forbes.com/sites/brucelee/2022/05/18/the-who-to-discuss-global-pandemic-treaty-at-world-health-assembly-may-22-28>

22-26 mei 2022 - WEF komt weer samen in Davos. Het thema? 'History at a Turning Point: Government Policies and Business Strategies'. Schwab: "A crisis-driven world".

## History at a turning point? A crisis-driven world?

[weforum.org/agenda/2022/05...](https://www.weforum.org/agenda/2022/05...)

**Davos 2022: Who's coming and everything else you need to know** Davos 2022 will see nearly 2,500 leaders from politics, business, civil society and media participate in the World Economic Forum annual meeting 2022 at Davos. <https://www.weforum.org/agenda/2022/05/davos-2022-whos-coming-and-everything-else-you-need-to-know/>

Overigens zal onze Mark zowel bij de World Health Assembly als het WEF aanwezig zijn. Een druk weekje voor onze MP.

Ook Maxima, Kaag, Ollongren, drie andere ministers en Klaas Knot zullen aanwezig zijn bij het WEF. Gezellig.

[www3.weforum.org/docs/WEF\\_AM22\\_...](https://www3.weforum.org/docs/WEF_AM22_...)
