Where are all the innovative inventors today? I don't see anyone talking about this tech and hardware. Most kids today are being brainwashed with flat Earth and antifa and BLM and corona nonsense. There is a constant war for your mind, to control your thoughts so that you don't learn how to break out of fear of boogeyman viruses that have never been proven to exist. Or so that you don't break out of the oil and gasoline prison making scumbags rich, such as BRITISH Petroleum (BP) and "royal" Dutch SHELL. Old bloodline scumbags from Europe. Mean while, their agents on bitchute will constantly parrot the same bullshit about "Jews", "CCP", and black people.
